Configuration Greeting

B I U abc style

Thank you for accessing the RhEumatoid Arthritis Disease activitY (READY) measurement tool. This electronic application can be used by both patients and physicians to assess how your RA disease is doing.

ReadyAdminConfig.103

This is the detail page for updating an existing configuration. It appears when the configuration is selected from the configuration listing).

This page takes advantage of AJAX calls, so updates are immediate (extra buttons for save and cancel are not necessary).

1 If Save Results is selected, iPad app will need Patient ID and appropriate diagnoses instruments are available.

2 Should we allow the name to be changed too?

3 If checkbox in row above is selected, text box is enabled and numbers can be added for the number of Happy faces to show in pictograph 1. Note: The number of neutral faces is 100 - #Happy.

4 If checkbox in row above is selected, text box is enabled and numbers can be added for the number of Sad faces to show in pictograph 2. Note: The number of neutral faces is 100 - #Sad.

5 If checkbox in row above is selected, text box is enabled and numbers can be added for the number of Sad faces to show in pictograph 3. Note: The number of neutral faces is 1000 - #Sad.
